## **Blade-5**

Ultra-Slim Aluminum Crafted MagSafe Compatible Wireless Charging PowerBank

## Introduction

Introducing the Blade-5, the world's slimmest 5000 mAh power bank! Designed for ultimate convenience and reliability, this slender little power solution keeps you charged up wherever life takes you. Cutting-edge technology blends seamlessly with sleek design to deliver a compact yet robust solution to your power needs. At the heart of the Blade-5 lies a super-slim, high-density 5000mAh lithium polymer battery, ensuring your devices stay charged without the added bulk of a regular power bank. Its compatibility with MagSafe technology revolutionizes the charging experience, offering lightning-fast 15W charging speeds that magnetically align for effortless connection. Equipped with USB-C Input of 18W & featuring Output of 20W Power Delivery, the Blade-5 charges your devices rapidly and replenishes its own efficiently. Safety is paramount with built-in over-charging and over-heating protection, and optimal temperature control to safeguard your device and the power bank. Crafted from durable aluminum and ABS, the Blade-5 combines portability with durability for on-the-go confidence. Its compact size and efficient performance make it the perfect companion for your daily adventures, ensuring you never run out of power when you need it most.

## Packaging Contents

- Blade-5
- USB-C Charging Cable
- User Guide

## Specifications

- Battery Capacity:5000mAh 19.25Wh
- Battery Type: Li-Polymer
- USB-C Input: 5V/3A, 9V/2A, 12V/1.5A (18W)
- USB-C Output: 5V/3A, 9V/2.22A, 12V/1.67A (20W)
- Wireless Charger Output: 5W/7.5W/10W/15W
- Wireless Charging Frequency:110kHz~205kHz
- Wireless Charging Efficiency: 70%
- Wireless Charging Distance: 5mm
- Charging cable length: 30cm
- Type of Magnets: N52
- RF Output Power: <=20dBm
- Product Dimensions: 96\*66\*9mm
- Product Weight:115g

## Features

- **Powerful Backup Battery:** Blade-5 MagSafe Compatible Power Bank boasts a powerful 5000mAh Lithium-ion backup battery for keeping your devices powered up anytime, anywhere.
- **15W Mag-Safe Charging:** Blade-5 magnetic wireless charger aligns with your smartphone and charges your wireless charging compatible devices at lightning speeds.

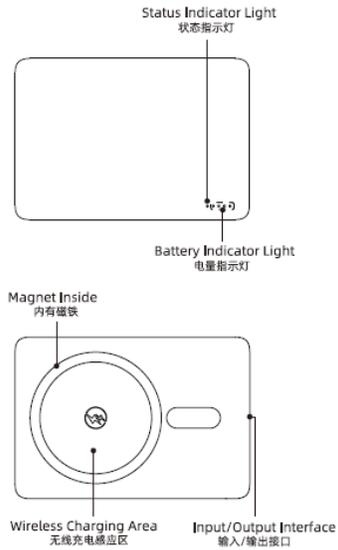

- **USB-C In/Out with 20W PD:** Enjoy lightning-fast charging and power delivery with the Blade-5's USB-C port, providing an input of 18W and output capabilities at an impressive 20W for maximum efficiency.
- **Multi Protect System:** Rest easy knowing your devices are safe from potential harm with the Blade-5's advanced protection features, including over-charging, over-heating protection, and optimal temperature control.
- **Durable Construction:** Crafted from premium Aluminium and ABS materials, the Blade-5 is built to withstand the rigors of daily use, offering durability and longevity that you can rely on.
- **Portable Mini Design:** As the world's smallest power bank, the Blade-5 combines compactness with power, offering unparalleled portability without compromising on performance.

## Precautions

Please read all safety instructions and warnings thoroughly before using this product. Improper use of this product may result in damage to this or attached products.

1. Do not disassemble the backup battery or attempt to fix it.
2. Kindly use the original charging cable provided to charge the product.
3. Do not attempt to replace any part of this Backup battery or battery inside.
4. Do not crush, puncture, dispose of in fire, short the contacts or expose the battery to water or other liquids.
5. Do not store or use the battery in a high-temperature environment, including intense sunlight or heat.
6. Avoid drops, bumps, abrasions, and impacts.
7. If there is any reason to believe that there is damage to the battery, discontinue use immediately.
8. If you find that the battery is too hot, is emitting an odor, is deformed, punctured, or exhibits any suspicious or abnormal behavior, discontinue use immediately and contact our customer service.
9. Always charge this product before extended storage.

## Appearance & Interface Description

1. Power Button
2. LED Battery Level indicator
3. USB-C In/Out Port
4. Magnetic Wireless Charger

## Operation Instructions:

### 1. Checking the remaining power left in the Blade-5 backup battery.

- To view the remaining power, press the power button once and view the LED Battery Level indicator

No of LED's Active	1	2	3	4
% of power remaining	<=25%	<=50%	<=75%	<=100%

- Press the power button for 2 seconds to turn off the device.
- If the power bank is not used within 33 seconds, the power bank automatically turns off.

## **2. Charging Blade-5 backup battery**

- Connect one end of the USB-C Cable to Blade-5 and the other end to a desktop/laptop or a USB Power Adapter.

## **3. Charging devices using Blade-5**

- Via USB-C Port
  - Plug the USB cable into the USB-C port on Blade-5 and the other end into your Smartphone or other USB-C chargeable device.
- Via Wireless Charger
  - Place your Wireless charging smartphones onto the wireless charging module to begin charging.
  - If the device does not automatically charge, press the power button to initiate the charging.

## **4. LED Battery indicator Lights**

- Charging State (Charging the Power Bank)
  - LED indicators will flash continuously while charging and all 4 indicator lights will stay on when the battery is full.
  - The LED indicator will light up Green to indicate fast charging.
- Discharging State (Charging other devices)
  - USB-C Charging: Light off means normal charging speed
  - USB-C Charging: Green Light is on to indicate fast charging.
  - Wireless Charging: Red Light is on to indicate Normal charging.
  - Wireless Charging: Red Light is flashing, activating a charging error or FOD.
- No-Load State (Power bank on standby)
  - While on standby the LED indicators will be off, and the power bank will automatically power off after 33 seconds of nonoperation.
