## **MagDrive-Trio**

3-in-1 MagSafe Compatible Car Wireless Charging Station

## Introduction

Introducing MagDrive-Trio, the ultimate 3-in-1 car charging station designed to meet all your on-the-go power needs whilst driving. With its versatile mounting options for your windshield, dashboard, or AC vent, MagDrive-Trio keeps your devices within reach while driving. MagSafe compatibility ensures seamless attachment for your iPhone, while the 15W wireless phone charger keeps it powered up fast. Additionally, with a 4.5W wireless AirPods charger and a 3.5W wireless watch charger, you can keep all your essential Apple devices charged simultaneously. Its elegant design complements any car interior, and the colorful LED light indicator adds a nice ambiance. Plus, with a 1m cable included, you have everything you need for a clutter-free charging experience on the road. MagDrive-Trio: where versatility and convenience converge

## Packaging Contents

- MagDrive-Trio
- USB-C Charging Cable
- AC Vent Mount
- Dashboard Mount
- User guide

## Specifications

- Input: 9V/3A, 12V/2A
- Wireless charger (Phone):15W
- Wireless Charger(AirPods):4.5W
- Wireless Charger(Watch):3.5W
- Wireless Charging Efficiency:65%-75%
- Wireless Charging Distance: 0cm
- Cable Length: 1m ±0.1m
- RF Output Power: ≤20dBm

## Features

- **3-in-1 Car Charging Station:** Charge phone, AirPods, and smartwatch simultaneously, keeping all devices powered during your drive.
- **Versatile Mounting Options:** Mount on the windshield, dashboard, or AC vent for easy access whilst driving.
- **MagSafe Compatibility:** Attach MagSafe-enabled iPhone for secure, fast wireless charging without hassle.
- **15W Wireless Phone Charger:** Rapidly charge your smartphone while on the move for uninterrupted connectivity.

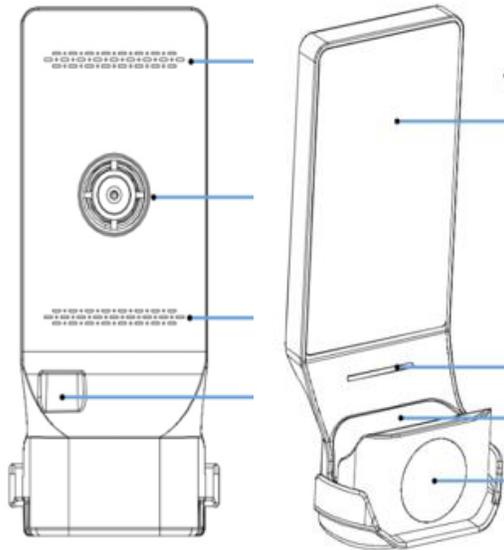

- **4.5W Wireless AirPods Charger:** Recharge your AirPods whilst on the move.
- **3.5W Wireless Watch Charger:** Ensure your smartwatch stays connected with wireless charging capability.
- **Colorful LED Light Indicator:** Adds ambiance to your car interior while providing clear charging status.
- **Elegant and Compact Design:** Stylish design fits seamlessly in any car, yet compact enough for on-the-go use.
- **1m Cable Included:** Comes with a 1-meter cable for convenient charging in any car setup.
- **Easy Installation:** Simple plug-and-play setup requires no tools, making it ideal for all car owners.
- **Universal Compatibility:** Works with various smartphones, AirPods, and smartwatches for broad device support.

### Precautions

Please read all safety instructions and warnings thoroughly before using this product. Improper use of this product may result in damage to this or attached products.

1. Wipe the product using a soft cloth and don't use solvents like benzene or alcohol.
2. Do not leave the dock on standby mode. Turn off the power and pull out the plug when not in use.
3. Do not store or use the product in a high-temperature environment, including intense sunlight or heat.
4. Do not operate the device inside a closed box, please make sure that enough ventilation is provided.
5. If there is any reason to believe that there is damage to the product, discontinue use immediately.

## Appearance & Interface Description

1. Magnetic Wireless Charging Module
2. LED Indicators
3. Wireless Charging Module (AirPods)
4. Apple Watch Charging Module
5. Heat Dissipation vents
6. Mounting Slot
7. USB-C Input Port

## Operation Instructions:

### 1. Holder Assembly:

- Insert the rotary ball into the Screw Cap.
- Press the rotary nut into the MagDrive-Trio holder.
- Tighten the Screw Cap as required.

2. Turning on the Device:

- Insert the MagDrive-Trio into the AC vent slot using the AC vent mount or on the dashboard using the Dashboard mount.
- Connect one end of the USB-C Cable to MagDrive-Trio and the other end to a Car charging adapter.

*Note: A PD 2.0 or QC 3.0 adapter with 15W output or higher is recommended for the best charging performance.*

3. Charging Wireless Magnetic charging compatible Smartphones:

- Place your compatible magnetic Wireless Charging Smartphone onto the Wireless Magnetic charging module to begin charging.
- The middle LED Indicator lights up solid green to indicate the charging state.

4. Charging Apple Watch:

- Place your Apple Watch to begin charging on the Apple Watch Charging Module to begin charging.
- The left LED Indicator lights up solid Red to indicate the charging state.

5. Charging Wireless AirPods:

- Place your AirPods on the AirPods Charging Module to begin charging.
- The right LED Indicator lights up solid Blue to indicate the charging state.

6. FOD (Foreign Object Detection):

- MagDrive-Trio will stop charging if it detects foreign objects in the charging areas.
- Remove your devices from charging modules and check for foreign objects such as metal debris or Magnetic Cards.
- Let MagDrive-Trio cool down before attempting to charge devices again.
