MagHalo

Ultra-Slim MagSafe Compatible Rechargeable LED Ring Light

Introduction

Introducing Promate's MagHalo, an innovative game-changer in mobile lighting solutions. Designed for all photographers and videographers, this ultra-slim, lightweight LED light seamlessly integrates with MagSafe technology, allowing it to effortlessly slip onto your phone. The 180° flip capability ensures perfect positioning for selfies and professional portrait mode pictures. With three distinct lighting modes—White, Warm, and White/Warm Light—the MagHalo ensures the perfect lighting for every scenario. Engineered with a strong N52 magnet attachment and powered by a high-capacity 300mAh Li-Polymer battery, it provides excellent battery life, reliability, and convenience. Whether you're using it with your smartphone or selfie stick, the MagHalo delivers unmatched versatility and performance. Plus, with the included 20cm charging cable, staying powered up is more convenient than ever. Elevate your photography game and illuminate your creativity with the MagHalo—where innovation meets perfection.

- Input rating: 5V/0.5A
- LED Light Modes: 3 modes (White Light, Warm Light, and White/Warm Light)
- LED Light Brightness: 80lm
- Type of Magnets: N52
- Charging cable length: 20cm
- Product Dimensions: 60mm*60mm*15mm
- Product Weight: 55g

Features

- **Ultra-Bright LED Ring Light:** Promate's MagHalo revolutionizes mobile photography with its ultra-bright LED ring light, ensuring crystal-clear photos and videos. Working seamlessly with smartphones and magnetic selfie sticks, it enhances your photography experience wherever you go.
- **Three Dynamic Lighting Options:** Switch between three adaptable LED light modes – White, Warm, and White/Warm Light – for perfect illumination in any setting.
- **MagSafe Compatible:** Effortlessly snaps onto your device with MagSafe compatibility, ensuring a secure fit every time.
- **180° Flip Capability:** Rotate the MagHalo up to 180 degrees for precise positioning, guaranteeing the ideal lighting angle for your photos.
- **Strong Magnetic Attachment:** Equipped with a powerful N52 magnets, the MagHalo stays firmly attached to your device, providing stability and reliability during use.
- **Sleek and Portable Ring Design:** Crafted with an ultra-slim, lightweight ring design, the MagHalo is easy to carry and comfortable to use for prolonged periods.

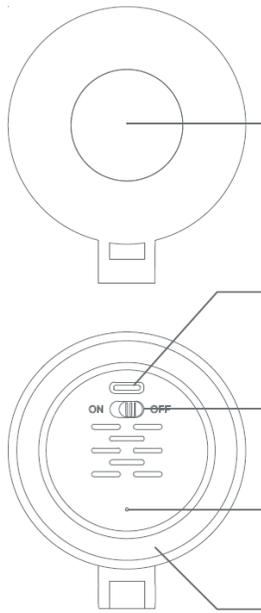

- **Long-Lasting Battery Life:** With its high-capacity 300mAh Li-Polymer battery, the MagHalo ensures uninterrupted lighting for extended photoshoots.
- **Convenient Charging Cable:** Includes a 20cm charging cable for hassle-free recharging, so you can stay powered up on the move.

Precautions

Please read all safety instructions and warnings thoroughly before using this product. Improper use of this product may result in damage to this or attached products.

1. Do not disassemble the product or attempt to fix it.
2. Kindly use the original charging cable provided to charge the product.
3. Do not attempt to replace any part of this product or battery inside.
4. Do not crush, puncture, dispose of in a fire, short the contacts or expose the product to water or other liquids.
5. Do not store or use the product in a high-temperature environment, including intense sunlight or heat.
6. Avoid drops, bumps, abrasions, and impacts.
7. If there is any reason to believe that there is damage to the product, discontinue use immediately.
8. If you find that the product is too hot, is emitting an odor, or is deformed, punctured or exhibits any suspicious or abnormal behavior, discontinue use immediately and contact our customer service.
9. Always charge this product before extended storage.

Appearance & Interface Description

1. Light Mode Switch
2. USB-C Charging Port
3. Power Switch
4. Charging Indicator
5. Magnetic Ring

Operation Instructions

1. Turning MagHalo On/Off

- Press the Power switch to power on/off MagHalo

2. Light Mode Switch

- Touch the light mode switch to turn on the LED light or to change the light mode (Light On, Cold Light, Warm Light, Soft Light, Light Off).
- Long press the Light Mode Switch to gradually increase or decrease the brightness.
- With constant power, the Light mode and brightness will be remembered and restored by the next light On.

3. Charging MagHalo

- Insert the included USB charging cable into the USB-C charging port of MagHalo and the other end into an AC wall charger or an empty port on your PC/Laptop.
- The charging indicator will light up red while charging, and turn blue when fully charged.
