

PowerMag-Duo

SuperCharge MagSafe & Apple Watch Wireless Charging Power Bank

User Guide

Introduction

Wirelessly charge your iPhone and Apple Watch in a snap with PowerMag-Duo. It features a 15W MagSafe charging module that perfectly aligns with the iPhone 14 series for QuickSnap charging. The Apple Watch magnetic charging pad aligns with your Apple Watch and charges your devices at 3W speed ON THE GO. The 20W Power Delivery ports let you charge your USB-C devices up to 4X faster. PowerMag-Duo's portable and lightweight design let you charge your device, even when on the move.

Specifications

- Battery capacity: 10000mAh, 3.85V / 38.5Wh
- Battery type: Li-Polymer
- Number of charging coils: 1
- USB-C input: 5V/3A, 9V/2A (18W)
- USB-C output: 5V/3A, 9V/2.2A, 12V/1.7A (20.7W PD)
- Wireless Charger Output: 5W/7.5W/10W/15W
- Apple Watch Charger Output: 3W
- Total output: 22.5W
- Wireless Charging Distance Watch: 1.5mm (Watch) 5mm (Phone)
- Wireless Charging Frequency Phone: 330kHz (Watch) 100-205kHz (Phone)
- Wireless Charging Efficiency: 60-85%
- Charging Time: 3.6Hrs
- Magnet strength: N52

Features

- **Powerful Backup Battery:** PowerMag-Duo boasts a powerful 10000mAh li-polymer backup battery, so you can keep your devices powered up, anywhere, anytime.
- **15W Mag-Safe Charging:** PowerMag-Duo magnetic wireless charger aligns with your smartphone and charges your wireless charging compatible devices at lightning speeds.
- **Apple Watch Charger:** The magnetic wireless charger aligns with your Apple Watch and charges your devices at 3W speed ON THE GO.
- **20W Power Delivery:** Delivers blazing fast power to your power delivery supported devices like the iPhone 14 and iPad Pro.

- **Complete Charging Solution:** Charge your Apple Watch, iPhone, and USB-C devices quickly and safely while on the move.
- **Convenience Guaranteed:** Just place your device on the charger and you are good to go. No fumbling with cases or cables
- **Safety Protection:** Multi-protect safety system with high-temperature, over-current, and short-circuit protection

Precautions

Please read all safety instructions and warnings thoroughly before using this product. Improper use of this product may result in damage to this or attached products.

1. Do not disassemble the backup battery or attempt to fix it.
2. Kindly use the original charging cable provided to charge the product.
3. Do not attempt to replace any part of this Backup battery or battery inside.
4. Do not crush, puncture, dispose of in fire, short the contacts or expose the battery to water or other liquids.
5. Do not connect input and output in reverse.
6. Do not store or use the battery in a high-temperature environment, including intense sunlight or heat.
7. Avoid drops, bumps, abrasions, and impacts.
8. If there is any reason to believe that there is damage to the battery, discontinue use immediately.
9. If you find that the battery is too hot, or is emitting an odor, or is deformed, punctured, or exhibits any suspicious or abnormal behavior, discontinue use immediately and contact our customer service.
10. Always charge this product before extended storage.

1. Wireless Charging Indicator
2. Battery Level indicator
3. USB-C Input/Output Port
4. Power Button
5. Magnetic Wireless Charger (Watch)
6. Magnetic Wireless Charger (Smart Phone)

Operation Instructions:

1. Checking the remaining power left in PowerMag-Duo back-up battery

- To view the remaining power left, press the power button once and view the LED Battery Level Display

No of LED's Active	1	2	3	4
% of power remaining	<=25%	<=50%	<=75%	<=100%

2. Charging PowerMag-Duo back-up battery

- Connect one end of the USB-C Cable to PowerMag-Duo and the other end to a desktop/laptop or a USB Power Adapter.

3. Charging USB chargeable devices using PowerMag-Duo

- Plug the USB cable into the USB/USB-C output port on PowerMag-Duo and the other end into the device.

4. Charging Qi-enabled devices or Apple Watch using the Wireless Charger

- Place your Qi-enabled device or Apple Watch on the Wireless Charging Area ensuring your device is properly aligned with the charging coil.
- Your device will now automatically begin charging.
